

# Sprialis Consulting Fact Sheet

## F10 READINGSOUNDS PRO

---

Reading Sounds 1 Pro uses a unique, highly effective, patented system to teach children to associate letters and letter patterns with the sounds they make. It also teaches blending, segmentation, sight word recognition and other key literacy skills found through research to be crucial in the development of reading and spelling ability.

Reading Sounds 1 Pro is designed for parents, teachers and literacy specialists. The Windows based software is highly intuitive for untrained users while providing optional advanced features and flexibility for the literacy specialist. It is ideal for children aged between 4 and 8 years old, although it is suitable for older children experiencing reading difficulties.

*Elements of Reading Sounds 1 Pro available as Mac, iPad and Android apps.*

Letter Sounds 1 Pro helps children learn common letter-sound relationships.

Letter Sounds 2 Pro helps children learn the relationships between groups of letters and speech sounds for reading and spelling.

Blending Sounds 1 Pro teaches children to blend (join) single letter-sounds together to read words.

Sight Words 1 Pro helps teach to automatically recognize the 200 most common words in English.

Word Builder helps teach letter-sound knowledge, phonemic awareness and decoding/encoding skills.
